Screenshots from the application

A screenshot of a web browser showing a registration form titled "Register for the party". The browser's address bar shows "localhost:8080/register". The form contains several input fields: "First Name:", "Last Name:", "Phonenumber:", "Password:", and "Repeat Password:". Below these fields are radio buttons for "Gender: Male" and "Female". At the bottom of the form is a "register" button. The form is currently empty, with only red outlines for the input fields.

A screenshot of the same "Register for the party" form, but now with data entered into the fields. The "First Name" field contains "Saciid", the "Last Name" field contains "Noor", and the "Phonenumber" field contains "91119922". The "Password" and "Repeat Password" fields contain seven dots each, indicating masked text. The "Gender" section shows the "Male" radio button selected. The "register" button is still at the bottom. The form is now filled with data, and the input fields have a light blue background.
